Rock Shales. Ed News—On the 24th and 25th just 13 inches of rain fell here. Since then there has been heavy showers in some sections near by but only sprinkled in this immediate neighborhood. Up to date the rain fall has been so slow that there has been little or no stock water made.

The cotton on the irrigated farms here is very fine, much better than it was last year.

Thirty-five cents per hundred is the price paid for cotton picking this season I believe. That is a pretty low figure, but at present prices the raiser cannot pay more unless he has money in his pockets.

Last week two gentlemen, strangers, settled in our midst. One is making his home with our ever ready blacksmith, J. E. Ellis, and the other has taken up his residence with our farmer John Greer. May they both grow up to be good and useful men.

W. I. Smith finished painting Tom Sloan's house last Friday.

The latter is making some improvements in the way of barn building.

Uncle Henry Ellis, who has a low bottom farm and who is always on the lookout for a rise in the river, has his corn safe.

A six foot rise came down the river Friday, wrenching the good ship Green Monster (proprietor and captain, Jim Sloan) from her mooring and carrying her on in the rapids. Up to this hour no news has come of the lost vessel.

The Captain was on hand making a visit at his father's at the time of the accident.

WANTED.—To see one man absolutely honest.

To see one man absolutely free from fool notions.

To see one man that can please everybody.

To see one kid that never stole a watermelon. LEMON SQUEEZER.

Third Party Notes.

A vote for Weaver means a vote for money.

For less debt.

For less interest.

For home, for wife and children.

For the destruction of the Pinkerton thugs.

For just transportation.

For an income tax on the millionaires.

For a postal savings bank system where the people may deposit money with safety.

For taxation limited to the requirements of economic government.

For a sharing of the benefits of civilization with all who labor for a living.

Wealth belongs to him who creates it.

Join the people's party and vote for home and humanity.

In 1890 it cost \$2.30 to run this government. It now costs \$7.33.

Weaver and Field! There is justice in the names. They signify the artisan and the agriculturist.

—Llano News.

The present difference of opinion in the gubernatorial contest, is an honest difference of opinion. While it is a serious blow to democracy, we can only hope things will right themselves after a time and we will again be a happy family, with due regard for the opinion of those who differ but with a cause in common.—Gonzalez Inquirer.

Why Vote For Cleveland?

Is it because he opposes silver and favors national banks? Is it because he vetoed the drouth sufferers' seed bill, or signed a bill giving Mrs. Grant and Mrs. Garfield each a pension of \$5000?

Is it because he loaned \$50,000,000 to the banks, or because he retained republicans in office?

Is it because he invited Fred Douglass, his wife and negro daughter to his private reception?

Is it because more trusts were formed during his administration than any other, or because his administration paid out more pensions than any other for the same period of time?

Is it because he appointed gold bugs as his cabinet officers, or because he appointed a negro as custom house officer at Boston?

If it is not for any of these things what the deuce is it? Why vote for Cleveland?—Once A Week.

This is a country of equal rights and democracy—or is said to be—the "greatest" good to the greatest number, you know. It has just been proven by congress, giving away \$2,500,000 of the people's money to enable Chicago to make \$10,000,000 while many thousands of our people in southwest Texas are living on mesquite berries, cactus and horned frogs. Let us pray.—Pioneer Exponent.

RICHLAND SPRINGS. Oh we have had such a nice rain. Sowing turnips in the order of the day now. The people are very proud that it has rained and seem to be very thankful.

W. H. Gibbons sold his beehives last week to Mr. Wright of Denton county. He got \$15 and \$15.75 per head. They will bring him quite a nest egg of money.

Judge John Matlock, of the Antelope neighborhood, has been quite sick but is convalescent now.

Mr. and Mrs. J. M. Parks visited their daughter, Mrs. Jack Harkley the first of this week.

Mr. Bill Hughes passed through our town Friday with a nice drove of steers. He was taking them to his ranch in Coleman county.

Messrs. Wash Bonner, James F. Richards and W. B. McNeill are off on a trip to Hays county, Texas, to look at a piece of land.

Mr. Geo. Amis will move to town this week.

Mr. J. R. Amis has his section and new cotton press up, and is getting his machinery in good working order preparatory to ginning this fall.

The cotton crop is said to be better than it was thought to be.

We are informed by our postmaster that the Richland Springs office has been made a money order office, a great need supplied at last.

Rev. W. M. Chapman has been attending the protracted meeting at Milburn last week. He returned home the first of the week.

Richard Sellman, of McCulloch county, passed through our town Monday with a large herd of beehives on his way to Lampasas.

Quite a large herd of hives passed through town Friday on their way to Bell county. Did not learn the buyers name. He aims at feeding in Bell county this winter.

Married at the residence of the bride's father on the 15th inst. Mr. J. T. Ester to Miss Amanda Weddell. May the sunshine of happiness attend them as they journey down life's rugged path.

Miss Nannie Sivalls of Brownwood, is visiting her sister, Mrs. Ora Burleson this week.

Rev. E. S. Billbery, of the Cottonwood country, was in town Monday.

There is quite a lot of millet seed being sown since the rain. There is a good chance of its making, and the prospects are that it will be needed this winter.

More next time. N. A. N.

McMillan Clippings.

Mr. Editor News—I am a constant reader of your paper but not a subscriber, therefore I hope this will escape the waste basket.

This section as well as the country at large was blessed with a fine rain last week which was very highly appreciated.

Corn in this section is lighter than expected, its yield is about 25 bus. per acre some will make quite less.

Mr. S. R. Bostick of San Saba has moved to his farm in this vicinity which, we hope he will make his future home.

Hannah for Brown and Lindsey for Tax assessor. In this race the strength of the Democratic and Peoples party will be sufficiently tested.

What on earth is the matter with Dick did he die a sudden death.

Prof. McGoury has secured the free school at this place to commence about Nov. 1st. We extend a hearty welcome to the Professor and
